

Dudley Infant Academy

Sport Premium grant expenditure

Impact Report for governors and parents: 2016/2017

Overview:

The Primary Sports Premium Funding is given to Primary Schools to get more people playing sport safely from a young age, and help them keep playing sport throughout their life, no matter what their economic or social background.

Schools can choose how they use the funding, for example to:

- hire specialist PE teachers or qualified sports coaches to work with primary teachers during PE lessons
- support and involve the least active children by running after-school sports clubs and holiday clubs, e.g. the Change4Life clubs
- provide resources and training courses in PE and sport for teachers
- run sport competitions or increase pupils' participation in the School Games
- run sports activities with other schools

In 2016 - 17 £8,580 was received by Dudley:

- At Dudley Infant Academy we utilise the skills of a professional sports coaching company throughout the academic year to teach our children a large proportion of their physical education. This company is called Premier Sport and much of our PE funding is used for this provision. They are responsible for the planning and delivery of lessons as well as assessing pupil progress and attainment. They are also available support teachers with ideas for physical activities in school and to help out with key events such as sports day. Premier Sport also support our extra-curricular activities by organising and delivering after school clubs here at the academy.
- Additional funding has also been allocated through the curriculum budget.

Impact:

- All pupils in Years 1 and 2 have access to specialist sports teaching and can enjoy a range of physical activities that contributes to their health and well being.
- Teachers have developed their skills in planning PE lessons as the sports specialists model plans and activities (see attached)
- Pupils enjoy a wider range of sporting activities
- Pupils increase their enjoyment of sports with the potential outcome of a healthier lifestyle and enthusiasm to continue participation in Sports in Junior School
- Pupils play competitive sports as an after school activity
- Pupils are able to engage in sports tournaments

The use of the sports premium grant is reviewed annually to measure its impact upon attainment and participation. Future expenditure is also decided in order to ensure that any initiatives or improvements can be sustained. Well planned and effective use of this funding will provide positive ongoing impact on future teaching and learning. In addition, it will improve pupils' participation in PE and sports and thus promote healthy lifestyles.
